UNIVERSITY OF MINNESOTA TWIN CITIES

Driven to Discover®

Freshman Preview

FALL 2022
Curiosity is what drives us to discover. To keep questioning science, art, life, and opinion. To go beyond what we know. To uncover what we don’t. When you come curious to the University of Minnesota Twin Cities, you’ll master the skills, learn the facts, and make the connections you need to explore the world, secure a job, and find your future. In fact, when you bring curiosity to campus, the first thing you’ll find is that you fit right in.

We embrace the four seasons at the U of M on all three locations of campus! Fall leaves and apples, crisp winter strolls, spring flowers, and summer hammocking.

Land Acknowledgment
We Acknowledge that the University of Minnesota Twin Cities is built within the traditional homelands of the Dakota people. It is important to acknowledge the peoples on whose land we live, learn, and work as we seek to improve and strengthen our relations with our tribal nations. We also acknowledge that words are not enough. We must ensure that our institution provides support, resources, and programs that increase access to all aspects of higher education for our American Indian students, staff, faculty, and community members.

ACADEMICS

We ignite students’ drive to discover, preparing them to become tomorrow’s leaders and global citizens. The world needs to be fed, powered, governed, and inspired like never before. Real-life heroes need to step up to solve these grand challenges, and University of Minnesota professors and students are finding solutions one curious idea, incredible experiment, and groundbreaking paper at a time.

Will you join them?

Renowned Experts and Research Opportunities
You’ll have classes taught by National Academy of Science members, patent holders, researchers and published authors. Our faculty members are leaders in their fields, and they can’t wait to help you dive into your passion. Our student to faculty ratio is 17 to 1.

Undergraduate Research Opportunities Program (UROP)
Interested in magnetic resonance imaging? Or personality assessments? No matter the topic, expand your curiosity with the Undergraduate Research Opportunities Program (UROP) where scholarships are awarded to undergraduates to start their own real-time research, with the support of an esteemed faculty member.

Freshman Seminars
Freshman seminars are an integral part of the freshman experience where students learn about niche, specialized topics in a small classroom environment of less than 20 students. Not only is the coursework fun, it also provides the opportunity to branch out on different subjects while integrating a tight group of other freshman into the larger university setting.

University Honors Program
A program that offers unique interdisciplinary experiences, research, collaboration, and the opportunity to graduate with Latin distinction (cum laude, magna, summa). Your honors advisor will help support you in becoming active in a community of engaged and curious thinkers.

When you apply for admission to the university, you are automatically considered for the honors program with no separate application required!

Your Senior Year of High School
Your success is important to us, and college courses build upon skills and knowledge taught in high school. Taking a strong academic curriculum during high school will positively impact your performance in your freshman year of college, so we expect you’ll continue taking rigorous courses throughout your high school career, including senior year.

BIG TEN PRIDE

Join a community that’s bursting with Gopher pride. Soak in excitement at a Big Ten trophy game at “The Bank.” Chant the Minnesota Rouser in “The Barn.” Celebrate school spirit and community through campus celebrations like Homecoming and Spring Jam.

The University of Minnesota is a proud member of both the Big Ten Conference and Big Ten Academic Alliance. Along with our great academics, you’ll find exciting athletics, rich traditions, and a vibrant campus community. Learn more at z.umn.edu/bigten.

Ski-U-Mah
A University of Minnesota cheer from our school song, the Rouser. Because after we invented cheerleading (true story), we invented a word, too.

Rooted in Rivalry
The Big Ten Conference is known for its traveling trophies during college football season, and Minnesota plays for more of these trophies than any other school in the country! These include the Little Brown Jug (Michigan), Floyd of Rosedale (Iowa) and Paul Bunyan’s Axe (Wisconsin).

Top in Big Ten Opportunities and Academics
Ranked #2 in the Big Ten for four-year graduation rates, it is no surprise that U of M students graduate with a well-rounded, quality education that prepares them to take on their future endeavors.

Did You Know?
The school chant “Ski-U-Mah” started in 1884. Cheerleading was born here in 1898.

The U of M is the only Big Ten campus located on a traditional green campus in the heart of a major metropolitan area - imagine your opportunities!

LOCATION

The University of Minnesota is located between Minneapolis and St. Paul (also known as the Twin Cities). With a bustling downtown in each city, 16 Fortune 500 companies in the Twin Cities (18 statewide), and the state capitol a metro train ride away, you can have the best of big city opportunities with a traditional campus experience.

In fact, Minneapolis/St. Paul were named among the top 10 cities for young professionals (Forbes). Each year, many U of M students get great experiences through internships at these market leaders.

INNOVATION HUB
The Minneapolis and St. Paul economy thrives on innovation. As a top-tier research university in a major metropolitan area, the U of M fuels advances in healthcare, technology, and much more.

Our students, alumni, and faculty create jobs, businesses, and whole new industries by always letting curiosity get the best of them.

EXPERIENCE IT ALL
From concerts at First Avenue to the Guthrie Theater, you’ll have access to plenty of music, art, culture and sports to enjoy in Minneapolis and St. Paul. All are easily accessible from campus via light rail train.

THE BEST OF BOTH WORLDS
The U of M campus is surrounded by student neighborhoods packed with coffee shops, restaurants, and performance venues. Whether you’re looking to kick back after a football game or see a show on Friday night, you’ll never be bored.

MAJOR CITY ACCESS
Twenty minute walk to downtown Minneapolis.

STATE AND FEDERAL GOVERNMENT offices nearby for internships and jobs.

GREEN SPACE
The Minneapolis and St. Paul metro area features 10 lakes and the mighty Mississippi River.

MUSIC & CULTURE
Hundreds of world-class attractions, festivals, art, history and cultural museums, music venues, and theaters are in the metro area.

DRIVEN TO DISCOVER

We know that a college search can be an exciting time, but one filled with some uncertainty and questions. Use this page to write down your questions and what you experience on your tour at the U of M to help you figure out what school is the right fit for YOU! We’re here to help answer your questions and support you.

TOPICS TO THINK ABOUT

- What am I curious about?
- What are the topics I really enjoy, but can’t picture how they will translate into a career?
- What are some important factors I want in my college experience?
- How early can I get involved in research?
- What are the types of opportunities on campus (clubs, sports, jobs, etc.)?
- What support exists if I’m undecided about my major?
OPPORTUNITIES

There are so many opportunities through campus and the surrounding metro area to experience, explore and enjoy. Your biggest challenge will be picking which ones to try.

Go Global

Broaden your world-wide view by experiencing new countries, cultures, and academic and career environments. The U of M offers one of the nation’s largest and most comprehensive learning abroad programs. With 180+ opportunities in 50+ countries, you can study, research, or intern abroad as part of your undergraduate studies.

Learn more at z.umn.edu/greatopportunities

Career Support

Thousands of companies call Minnesota home. From large, international Fortune 500 companies to smaller start-up companies you’ll have access to internships, job shadow days, and mentorships with some of the world’s great businesses, non-profits and health care leaders. Our college career centers are here to help you every step of the way from your first year through graduation!

Lend a Hand

Volunteer in one of the states 2,200 nonprofits – lend your time to nonprofits through service learning, student organizations, and other opportunities at groups such as the Cookie Cart, Ronald McDonald House or the Friends of the Mississippi River. You’ll have the opportunity to give back while connecting with the community and gaining valuable experience along the way.

Join Something Great

Our campus community includes 200+ student cultural groups. Share in traditions, events, and programming hosted by groups like...

- Multicultural Center for Academic Excellence (MCAE)
- American Indian Studies Center

Did You Know?

We offer 30+ Living Learning Communities where students live together in a dedicated area of a residence hall. Each is designed to deliver events and experiences to support students.

Get Involved

At the U of M, your college experience goes beyond the classroom. The U of M is home to 900+ student organizations—something for everyone. By getting involved with one (or more!) of our cultural organizations, fraternities and sororities, or special interests groups, you’ll have the opportunity to become a leader, connect with the campus community, plan events, and have fun! Learn more at z.umn.edu/greatopportunities.

DIVERSITY

Our multicultural campus ensures you’ll be ready to explore and succeed in a global society. Students, staff, and faculty are collectively dedicated to cultivating an inclusive and equitable environment for our entire campus community. Learn more at z.umn.edu/diversity.

Study Culture

You can study history, traditions, and community through our 15 cultural studies departments, 30 offered languages, 25+ language and culture majors, and 36 minors. For example, the Department of African American and African Studies and the Chicano and Latino Studies Department were born from student protests and the Civil Rights era. In addition, the American Indian Studies Department was the very first formed of its type at any college or university.

University Resources

The University has many professionally staffed offices to support students throughout all communities such as these: Multicultural Center for Academic Excellence (MCAE), the Office for Equity and Diversity, Office of Multicultural Student Engagement, Circle of Indigenous Nations, International Student and Scholar Services (ISSS), and the Gender and Sexuality Center for Queer and Trans Life.

**Admission Decisions and Timeline**

**INDIVIDUAL, HOLISTIC REVIEW**
At the University of Minnesota we conduct a holistic review of each student’s application. Everything that a student submits is carefully and individually considered to ensure that each student receives a fair and consistent admission review. Automatic criteria, formulas, or cut-offs are not used.

In our holistic review, we assess each application based on Academic and Context factors. Because student success is of the utmost importance, the strongest consideration is given to the student’s academic record.

Our application review takes into account curricula from around the world and our holistic application review is conducted in the context of a student’s educational system. If you have questions, please contact us at admission@umn.edu.

**HIGH SCHOOL CLASSES**
Minimum course requirements are listed below. Admission to the U of M is competitive, and most admitted students exceed these requirements. If you have any questions about your high school course planning, please contact a U of M admissions counselor. Find your counselor at z.umn.edu/mycounselor.

**ACADEMIC PROFILE**

**OF FALL 2021 ADMITTED FRESHMAN APPLICANTS BY COLLEGE**

Please note the information presented in the table is a composite picture of admitted freshman applicants. These are not admission criteria.

- Admission decisions are based on an individual, overall assessment of each application.
- Applicants are first considered for admission to the colleges listed in their application, in the order in which they are listed. Then, applicants are automatically considered for other U of M freshman-admitting colleges that may be a good match with their academic interests and preparation.
- For complete information on our application review factors, please see our admissions overview at z.umn.edu/review

**MIDDLE 50 PERCENTILE OF FALL 2021 ADMITTED FRESHMAN**

What does that mean? Middle 50% represents the academic components (GPA, test scores, class rank) of half of the students admitted, though students are admitted with academic scores above and below this range.

**Understanding the table**

- **Middle 50% Percentile** - This represents the middle half of the admitted students’ academic components (GPA, standardized test scores, and class rank) that fall between the ranges listed. While this range represents half of the admitted cohort, students are admitted with scores both above and below this range.
- **Core Academic GPA** - We calculate a core academic GPA for each applicant using the grades for English, math, science and foreign language courses reported. This provides a standard view of a school’s grading scale, which can vary greatly from school to school. Applicants do not need to calculate their own core GPA. Note: in our holistic review, we also consider an applicant’s school-supplied GPA for all courses on their academic record. Additional weighting for advanced coursework (honors, AP, IB etc.) is not included on core GPA, but is always considered as part of the academic rigor.
- **ACT/SAT Score** - The ACT and SAT score ranges listed in this table represent the students who chose to include a test score on their Fall 2021 application. Nearly 50% of students applied using a test score for Fall 2021.

Note: in our holistic review, we also consider an applicant’s school-supplied GPA for all courses on their academic record. Additional weighting for advanced coursework (honors, AP, IB etc.) is not included on core GPA, but is always considered as part of the academic rigor.
- **ACT/SAT Score** - The ACT and SAT score ranges listed in this table represent the students who chose to include a test score on their Fall 2021 application. Nearly 50% of students applied using a test score for Fall 2021.

**Understanding the table**

- **Middle 50% Percentile** - This represents the middle half of the admitted students’ academic components (GPA, standardized test scores, and class rank) that fall between the ranges listed. While this range represents half of the admitted cohort, students are admitted with scores both above and below this range.
- **Core Academic GPA** - We calculate a core academic GPA for each applicant using the grades for English, math, science and foreign language courses reported. This provides a standard view of a school’s grading scale, which can vary greatly from school to school. Applicants do not need to calculate their own core GPA. Note: in our holistic review, we also consider an applicant’s school-supplied GPA for all courses on their academic record. Additional weighting for advanced coursework (honors, AP, IB etc.) is not included on core GPA, but is always considered as part of the academic rigor.
- **ACT/SAT Score** - The ACT and SAT score ranges listed in this table represent the students who chose to include a test score on their Fall 2021 application. Nearly 50% of students applied using a test score for Fall 2021.
